Federally sourced data served over the AOOS Data System.

**National Oceanographic and Atmospheric Administration (NOAA)**

- NOAA Water
- NOAA Weather
- NOAA HADS (Stream Height and Weather)
- NOAA US Climate Research
- NOAA KBNERR (Kachemak Bay National Estuary Research Reserve System - NERRS)
- NOAA PMEL Carbon Program
- NOAA IOOS HF Radar
- NOAA Alaska Shorezone (imagery media)
- NOAA Aleutian Island, Gulf of Alaska, Cook Inlet, Arctic Ocean, Norton Sound Bathymetry
- NOAA National Ocean Data Center Arctic Regional Climatology Monthly
- NOAA National Data Buoy Center - Environment Canada Data (wind vectors, gusts, water temperature, wave height, wave direction)

**United States Geological Survey (USGS)**

- National Water Information System (NWIS)
- US Permafrost and Climate
- Alaska National Wildlife Refuge (ANWR Coastal Bathymetry)
- Polar Bear
- Hydrology data (including precipitation)

**U.S. Forest Service (USFS) – (What kinda data are we getting off of them?)**

**Federal Aviation Administration (FAA) (WEBAMS)**

**Department of Agriculture**

- Sno-Tel Stations (weather)
- Desert Research Institute RAWS (remote auto weather stations) (http://raws.fam.nwimages.gov/) part of Department of Agriculture

**National Science Foundation**

- CALON (Circum-Arctic Lakes Observation Network) (Webcams)

**US Fish and Wildlife Service (USFWS)**

- Seabird Studies
